Subareas

DWR Groundwater Basin

Olivenhain Municipal Water District

Well Location

Source

California DWR

Hargis & Associates 2004

Izbicki 1983 (not in Hargis 2004)

Note: Study area and well location map showing hydrologic and OMWD boundary.

The map displays the San Elijo Hydrologic Sub-Area and the Rancho Santa Fe Hydrologic Sub-Area, both outlined in black. The Olivenhain Municipal Water District boundary is shown as a yellow dashed line. Well locations are marked with colored dots: pink for California DWR, blue for Hargis & Associates 2004, and red for Izbicki 1983. The map includes various geographical features such as San Elijo Lagoon, San Diego Creek, and Lake Hodges. Major roads like Highway 15 and Highway 56 are also visible. A scale bar at the bottom left indicates distances from 0 to 3 miles. A north arrow is located near the scale bar. The map is titled 'Study Area and Well Locations' and is part of a report for the Olivenhain Municipal Water District.
