# Memo

Date: May 28, 2025  
To: Olivenhain Municipal Water District Safety Committee  
From: Tim Schuette, Safety / Risk Compliance Administrator  
Subject: **CONSIDER REVIEW OF EMPLOYEE INJURIES, VEHICLE ACCIDENTS AND SAFETY REPORTS (IF NECESSARY)**

---

If necessary, the Safety Committee will review and discuss employee injuries, vehicle accidents and safety reports since the last committee meeting occurred.

The Safety Committee will determine if the situation was “preventable” or “non-preventable.” The committee may also develop recommendations regarding the incident.

**PREVENTABLE:** Could a reasonable prudent employee, or the District, in a like or similar situation, have been able to avoid or prevent the accident from occurring? If the answer is yes, the accident shall be defined as preventable.

Injuries:

- None at this time

Vehicle related property damage:

- 1 item to discuss.

Staff will be available to answer any questions.

# Memo

Date: May 28, 2025  
To: Olivenhain Municipal Water District Safety Committee  
From: Tim Schuette, Safety / Risk Compliance Administrator  
Subject: **CONSIDER ANNUAL REVIEW OF THE WORKPLACE VIOLENCE PREVENTION PLAN**

---

The Workplace Violence Prevention Plan (WVPP) was reviewed by the Safety Committee at the May 22, 2024 meeting and adopted on July 1, 2024. At this time, no further revisions have been made to the plan. The WVPP was developed in compliance with Section 6401.9 of the California Labor Code. In accordance with this section, the plan is subject to an annual review. A copy of the current WVPP is attached for committee review and input.

Staff will be available to answer any questions.

## PURPOSE

This workplace violence prevention program serves multiple purposes aimed at safeguarding employee safety and well-being, preventing incidents of violence, ensuring compliance with legal requirements, maintaining productivity and morale, and protecting organizational reputation. With this document Olivenhain Municipal Water District aims to implement preventive measures, promote awareness, and define training requirements in order to ensure a secure work environment where employees feel protected from potential acts of violence or aggression.

Olivenhain Municipal Water District's Workplace Violence Prevention Plan (WVPP) addresses the hazards known to be associated with the four types of workplace violence as defined by Labor Code (LC) section 6401.9.

## DEFINITIONS

**Emergency** - Unanticipated circumstances that can be life threatening or pose a risk of significant injuries to employees or other persons.

**Engineering controls** - An aspect of the built space or a device that removes a hazard from the workplace or creates a barrier between the employee and the hazard.

**Log** - The violent incident log required by LC section 6401.9.

**Plan** - The Workplace Violence Prevention Plan required by LC section 6401.9.

**Serious injury or illness** - Any injury or illness occurring in a place of employment or in connection with any employment that requires inpatient hospitalization for other than medical observation or diagnostic testing, or in which an employee suffers an amputation, the loss of an eye, or any serious degree of permanent disfigurement, but does not include any injury or illness or death caused by an accident on a public street or highway, unless the accident occurred in a construction zone.

**Threat of violence** - Any verbal or written statement, including, but not limited to, texts, electronic messages, social media messages, or other online posts, or any behavioral or physical conduct, that conveys an intent, or that is reasonably perceived to convey an intent, to cause physical harm or to place someone in fear of physical harm, and that serves no legitimate purpose.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 2 of 26</b>

**Workplace violence** - Any act of violence or threat of violence that occurs in a place of employment.

Workplace violence includes, but is not limited to, the following:

- The threat or use of physical force against an employee that results in, or has a high likelihood of resulting in, injury, psychological trauma, or stress, regardless of whether the employee sustains an injury.
- An incident involving a threat or use of a firearm or other dangerous weapon, including the use of common objects as weapons, regardless of whether the employee sustains an injury.
- The following are the four workplace violence types:

**Type 1 violence** - Workplace violence committed by a person who has no legitimate business at the worksite, and includes violent acts by anyone who enters the workplace or approaches employees with the intent to commit a crime.

**Type 2 violence** - Workplace violence directed at employees by customers, clients, students, or visitors.

**Type 3 violence** - Workplace violence against an employee by a present or former employee, supervisor, or manager.

**Type 4 violence** - Workplace violence committed in the workplace by a person who does not work there, but has or is known to have had a personal relationship with an employee.

Workplace violence does not include lawful acts of self-defense or defense of others.

**Work practice controls** - Procedures and rules which are used to effectively reduce workplace violence hazards.

## RESPONSIBILITIES

<b>Job Title/Position</b>	<b>WVPP Responsibilities</b>
General Manager	Overall responsibility for the plan; approves the final plan and any major changes.
Human Resources Manager	Responsible for employee involvement and training; organizes safety meetings and handles any reports of workplace violence.
Customer Services Manager	Responsible for emergency response, hazard identification, and coordination with the Safety and Risk Compliance Administrator regarding workplace violence or threats thereof at the HQ front desk.
Safety/Risk Compliance Coordinator	Record, investigate, and report on workplace violence to the HR Manager and the General Manager, and updates training materials.
<b>Remote Facilities</b>	
Water Treatment Plant Supervisor	Responsible for emergency response, hazard identification, and coordination with the Safety and Risk Compliance Administrator regarding workplace violence or threats thereof at the DCMWTP.
Water Reclamation Facility Supervisor	Responsible for emergency response, hazard identification, and coordination with the Safety and Risk Compliance Administrator regarding workplace violence or threats thereof at the 4S WRF.
Park Supervisor	Responsible for emergency response, hazard identification, and coordination with the Safety and Risk Compliance Administrator regarding workplace violence or threats thereof at the Elfin Forest Recreation Reserve, its facilities, and office spaces.

All managers and supervisors are responsible for implementing and maintaining the WVPP in their work areas and for answering employee questions about the WVPP.

## EMPLOYEE ACTIVE INVOLVEMENT

Olivenhain Municipal Water District ensures the following policies and procedures to obtain the active involvement of employees and authorized employee representatives in developing and implementing the plan:

- Management will work with and allow employees to participate in:

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 4 of 26</b>

- Identifying, evaluating, and determining corrective measures to prevent workplace violence incidents.
- Management will include workplace violence topics in their tailgate safety meetings with employees to discuss identification of workplace violence related concerns/hazards, evaluate those hazards and/or concerns, and how to correct them. These meetings could involve brainstorming sessions, discussions of recent incidents, and reviews of safety procedures.
- Designing and implementing training by proving relevant scenarios that employees may be exposed to in the workplace.
- Reporting and investigating workplace violence incidents.
- Management will ensure that all workplace violence policies and procedures within this written plan are clearly communicated and understood by all employees. Managers and supervisors will enforce the rules fairly and uniformly.
- All employees will follow all WVPP directives, policies, and procedures, and assist in maintaining a safe work environment.

This plan shall be in effect at all times, in all work areas, and be specific to the hazards and corrective measures for each work area and operation.

## **EMPLOYEE COMPLIANCE**

Olivenhain Municipal Water District's policy to ensure that employees comply with the rules and work practices that are designed to make the workplace more secure, and do not engage in threats or physical actions which create a security hazard for others in the workplace, this will be accomplished by the following means:

- Training employees, supervisors, and managers in the provisions of the WVPP.
- Provide retraining to employees whose safety performance is deficient with the WVPP.
- Recognizing employees who demonstrate safe work practices that promote the WVPP in the workplace by highlighting their achievement in the employee forums, through the Caught Being Safe Program or other recognition deemed to be appropriate.

## COMMUNICATION WITH EMPLOYEES

We recognize that open, two-way communication between the management team and staff, about workplace violence issues is essential to a safe and productive workplace. The following communication system is designed to facilitate a continuous flow of workplace violence prevention information between management and staff in a form that is readily understandable by all employees, and consists of one or more of the following:

- New employee orientation includes workplace violence prevention policies and procedures.
- Workplace violence prevention training programs.
- Regularly scheduled tailgate meetings that address security issues and potential workplace violence hazards.
- Effective communication between employees and supervisors about workplace violence prevention and violence concerns either through email, verbal discussions or anonymously via the safety suggestion boxes.
- Posted or distributed workplace violence prevention information.
- Employees can report a violent incident, threat, or other workplace violence concern to a supervisor, manager, Safety/Risk Compliance Administrator (SRCA), or law enforcement without fear of reprisal or adverse action.
- Employees can anonymously report a violent incident, threat, of other violence concerns using the safety suggestion boxes.

Employees will not be prevented from accessing their mobile or other communication devices to seek emergency assistance, assess the safety of a situation, or communicate with a person to verify their safety.

Employees' concerns will be investigated in a timely manner, and they will be informed of the results of the investigation and any corrective actions to be taken, including:

- Updates on the status of investigation and,

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 6 of 26</b>

- Updates on corrective actions.

## **WORKPLACE VIOLENCE INCIDENT REPORTING PROCEDURE**

All threats or acts of workplace violence should be reported to an employee's supervisor or manager, who will inform the Safety/Risk Compliance Administrator, Human Resources Manager, or General Manager while recording the incident on the Workplace Violence incident Investigation Log Form, found in Appendix A. This includes threats and acts of violence from employees, customers, and members of the public.

A strict non-retaliation policy is in place, and any instances of retaliation are dealt with swiftly and decisively.

## **EMERGENCY RESPONSE PROCEDURES**

The following specific measures to handle actual or potential workplace violence emergencies are as follows:

- Alert employees of the presence, location, and nature of workplace violence emergencies through any means possible including, but not limited to:
  - Phone paging system
  - Cell phones
  - Panic alarm button (see the Panic Alarm Procedure for details)
  - Verbal alert

The use of these alert methods are aimed to obtain help from staff, security personnel, or law enforcement. Procedures for contacting local authorities and responsible staff will be posted in common areas.

In the event of an emergency, including a Workplace Violence Emergency, contact your supervisor, manager, the SRCA, or the HR Manager immediately. If the incident involves a threat or use of a firearm or other dangerous weapons, any available employee should be instructed to contact 911 immediately.

## **WORKPLACE VIOLENCE HAZARD IDENTIFICATION AND EVALUATION**

The following policies and procedures are established and required to be conducted to ensure that workplace violence hazards are identified and evaluated:

- Inspections shall be conducted when the plan is first established, after each workplace violence incident, and whenever the employer is made aware of a new or previously unrecognized hazard.

All submitted/reported concerns of potential hazards will be reviewed on the Workplace Violence Prevention Hazard Assessment & Correction Form found in Appendix B.

### **Periodic Inspections**

Periodic inspections of workplace violence hazards will identify unsafe conditions and work practices. This may require assessment for more than one type of workplace violence. Inspections for workplace violence hazards include assessing:

- The exterior and interior of the workplace for open or unsecure doors and hatches.
- The need for violence surveillance measures, such as mirrors and cameras.
- Effective location and functioning of emergency buttons and alarms.
- Posting of emergency telephone numbers for law enforcement, fire, and medical services.
- Escape routes from the workplace are free of obstructions.
- Verify that employees know the designated safe area where they can go to in an emergency. (See Fire Prevention Plan for further detail regarding egress rounds and assembly locations)
  - Headquarters: Assemble in the building J Parking lot
  - DCMWTP: Assemble at the entrance gate to the property.
  - 4SWRF: Assemble by the front gate to the property.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 8 of 26</b>

- Adequacy of workplace security systems, such as door locks, entry codes or badge readers, security windows, physical barriers, and restraint systems.
- Frequency and severity of threatening or hostile situations that may lead to violent acts by persons who are service recipients of our establishment. Review workplace violence logs.
- The use of work practices such as the "buddy" system for specified potentially violent events reported to District Staff. If aware of prior threats or violent acts from customers, staff should initiate the buddy system requiring two employees to respond to service calls to their property.
- Access to and freedom of movement within the workplace by non-employees, including recently discharged employees or persons with whom one of our employees is having a dispute.
- Frequency and severity of employees' reports of threats of physical or verbal abuse by managers, supervisors, or other employees. Review workplace violence logs.
- No personal information left out in public areas.

The types of workplace violence hazards that may be encountered in an Olivenhain Municipal Water District workplace can include:

- Interactions with the public - Employees who interact with the public, especially in customer service roles, may be at risk.
- Handling money or valuables - Jobs that involve handling money, or valuables. For example, the front desk customer service representatives.
- Working in Isolated Areas - Employees working alone or in isolated areas may be at increased risk.
- Working late at night - The time of day and location of work, such as working late at night, are risk factors.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 9 of 26</b>

- Workplace bullying or harassment - This can include aggressive gestures or expressions, verbal abuse, intimidating physical behavior, and online harassment.
- Substance abuse - Excessive use of alcohol or drugs by employees can also be a warning sign of potential workplace violence.
- Emotional distress - Unexplained absenteeism, change in behavior, decline in job performance, depression, withdrawal, or suicidal comments by an employee could be indicators of potential violence.
- Any prior violent acts, threats of physical violence, verbal abuse, intentional violent property damage or other signs of strain or pressure in the workplace.

#### **WORKPLACE VIOLENCE HAZARD CORRECTION**

If an imminent workplace violence hazard exists that cannot be immediately abated without endangering employee(s), all exposed employee(s) will be removed from the situation except those necessary to correct the existing condition including law enforcement.

All corrective actions taken will be documented and dated on the Workplace Violence Prevention Hazard Assessment & Correction Form found in Appendix B

Corrective measures for workplace violence hazards will be specific to a given work area.

Corrective action may include:

- Make the workplace unattractive to potential theft by:
  - Improve lighting around and at the workplace.
  - Post signs notifying the public that limited cash is kept on the premises and that cameras are monitoring the facility.
  - Utilize surveillance measures, such as cameras and mirrors, to provide information as to what is going on outside and inside the workplace and to dissuade criminal activity.
  - Install security surveillance cameras in and around the workplace

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 10 of 26</b>

- Provide workplace violence prevention systems, such as door locks, egress windows, physical barriers, and emergency alarms and restraint systems.
- Ensure the adequacy of workplace violence prevention systems.
- Post emergency telephone numbers (911) for law enforcement, fire, and medical services.
- Control access to and freedom of movement within the workplace by non-employees, including recently discharged employees or persons with whom one of our employees is having a dispute.
- Install effective systems to warn others of a violent incident or to summon assistance, e.g., alarms or panic buttons. See the Olivenhain Municipal Water District's Panic Alarm Button Procedure.
- Ensure employees have access to a telephone with an outside line. Provide employee training/re-training (refreshers) on the WVPP, which could include but not limited to the following:
  - Recognizing and handling threatening or hostile situations that may lead to violent acts by persons who are service recipients of our establishment.
  - Ensure that all reports of violent acts, threats of physical violence, verbal abuse, property damage or other signs of strain or pressure in the workplace are handled effectively by management and that the person making the report is not subject to retaliation by the person making the threat.
  - Improve how well management and employees communicate with each other.
  - Procedures for reporting suspicious persons, activities, and packages.
  - Provide/review employee, supervisor, and management training on emergency action procedures.
- Ensure adequate employee escape routes.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 11 of 26</b>

- Increase awareness by employees, supervisors, and managers of the warning signs of potential workplace violence.
- Ensure that employee disciplinary and discharge procedures address the potential for workplace violence.
- Provide procedures for a "buddy" system for specified emergency events. For example:
  - If aware of prior threats or violent acts from customers, staff should initiate the buddy system requiring two employees to respond to service calls to their property.

#### **PROCEDURES FOR POST INCIDENT RESPONSE AND INVESTIGATION**

After a workplace incident, the SRCA or other designee will implement the following post-incident procedures:

- Visit the scene of an incident as soon as safe and practicable.
- Interview involved parties, such as employees, witnesses, and law enforcement.
- Review security footage of existing security cameras, if applicable.
- Examine the workplace for security risk factors associated with the incident, including any previous reports of inappropriate behavior.
- Determine the cause of the incident.
- Take corrective action to prevent similar incidents from occurring.
- Record the findings and ensure corrective actions are taken.
- Obtain any reports completed by law enforcement.
- The Violent Incident Investigation Log will be used for every workplace violence incident and will include information, such as:
  - The date, time, and location of the incident.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>

- The workplace violence type or types involved in the incident.
- A detailed description of the incident.
- A classification of who committed the violence, including whether the perpetrator was a client or customer, family or friend of a client or customer, stranger with criminal intent, coworker, supervisor or manager, partner or spouse, parent or relative, or other perpetrator.
- A classification of circumstances at the time of the incident, including, but not limited to, whether the employee was completing usual job duties, working in poorly lit areas, rushed, working during a low staffing level, isolated or alone, unable to get help or assistance, working in a community setting, or working in an unfamiliar or new location.
- A classification of where the incident occurred, such as in the workplace, parking lot or other area outside the workplace, or other area.
- The type of incident, including, but not limited to, whether it involved any of the following:
  - Physical attack without a weapon, including, but not limited to, biting, choking, grabbing, hair pulling, kicking, punching, slapping, pushing, pulling, scratching, or spitting.
  - Attack with a weapon or object, including, but not limited to, a firearm, knife, or other object.
  - Threat of physical force or threat of the use of a weapon or other object.
  - Sexual assault or threat, including, but not limited to, rape, attempted rape, physical display, or unwanted verbal or physical sexual contact.
  - Animal attack (dog bites).
  - Other.

Support and resources, such as counseling services, are provided to affected employees. These resources could include referrals to counseling services, including information about the Employee Assistance Program (EAP), and time off work if necessary.

Ensure that no personally identifiable information is recorded or documented in the written investigation report. This includes information which would reveal identification of any person involved in a violent incident, such as the person's name, address, electronic mail address, telephone number, social security number, or other information that, alone or in combination with other publicly available information, reveals the person's identity.

## **TRAINING AND INSTRUCTION**

All employees, including managers and supervisors, will have training and instruction on general and job-specific workplace violence practices. These sessions could involve presentations, discussions, and practical exercises. Training and instruction will be provided as follows:

- When the WVPP is first established.
- Annually to ensure all employees understand and comply with the plan.
- Whenever a new or previously unrecognized workplace violence hazard has been identified and when changes are made to the plan. The additional training may be limited to addressing the new workplace violence hazard or changes to the plan.

Olivenhain Municipal Water District will provide staff with training and instruction on the definitions found on page 1 of this plan and the requirements listed below:

- The employer's WVPP, how to obtain a copy of the employer's plan, and how to participate in development and implementation of the employer's plan.
- How to report workplace violence incidents or concerns to the employer or law enforcement without fear of reprisal.
- Workplace violence hazards specific to the employees' jobs, the corrective measures that have been implemented, how to seek assistance to prevent or respond to violence, and strategies to avoid physical harm.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 14 of 26</b>

- The Violent Incident Investigation Log and how to obtain copies of records pertaining to hazard identification, evaluation and correction, training records, and violent incident logs.
- Opportunities for interactive questions and answers with a person knowledgeable about the plan.
- Strategies to avoid/prevent workplace violence and physical harm, such as:
  - How to recognize workplace violence hazards including the risk factors associated with the four types of workplace violence.
  - Training on ways to defuse hostile or threatening situations or customers.
  - How to recognize alerts, alarms, or other warnings about emergency conditions and how to use identified escape routes or locations for sheltering.
  - Employee routes of escape.
  - Emergency medical care provided in the event of any violent act upon an employee.
  - Post-event trauma counseling and EAP services for employees desiring such assistance.

#### **EMPLOYEE ACCESS TO THE WRITTEN WVPP**

This Plan shall be available and easily accessible to employees, authorized employee representatives, and representatives of Cal/OSHA at all times. The plan can be found on the employee portal or with the Safety/Risk Compliance Administrator.

#### **RECORDKEEPING**

As required by Labor Code (LC) section 6401.9 the following record keeping practices are in place:

- Create and maintain records of workplace violence hazard identification, evaluation, and correction, for a minimum of five (5) years.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 15 of 26</b>

- Create and maintain training records for a minimum of one (1) year and include the following:
  - Training dates.
  - Contents or a summary of the training sessions.
  - Names and qualifications of persons conducting the training.
  - Names and job titles of all persons attending the training sessions.
- Maintain violent incident logs for minimum of five (5) years.
- Maintain records of workplace violence incident investigations for a minimum of five (5) years.
- The records shall not contain medical information per subdivision (j) of section 56.05 of the Civil Code.
- All records of workplace violence hazard identification, evaluation, and correction; training, incident logs and workplace violence incident investigations required by LC section 6401.9(f), shall be made available to Cal/OSHA upon request for examination and copying.

#### **EMPLOYEE ACCESS TO RECORDS**

The following records shall be made available to employees and their representatives, upon request and without cost, for examination and copying within 15 calendar days of a request:

- Records of workplace violence hazard identification, evaluation, and correction.
- Training records.
- Violent incident logs.

#### **REVIEW AND REVISION OF THE WVPP**

The Olivenhain Municipal Water District WVPP will be reviewed for effectiveness:

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Workplace Violence Prevention Plan (WVPP)</b>	
	<b>Latest Revision Date: July 2024</b>	<b>Page 16 of 26</b>

- At least annually.
- When a deficiency is observed or becomes apparent.
- After a workplace violence incident.
- As needed.

Review and revision of the WVPP will include the procedures listed in the EMPLOYEE ACTIVE INVOLVEMENT section of this WVPP, as well as the following procedures to obtain the active involvement of employees and authorized employee representatives in reviewing the plan's effectiveness:

- Review of Olivenhain Municipal Water District's WVPP should include, but is not limited to:
  - Review of incident investigations and the Violent Incident Investigation log.
  - Assessment of the effectiveness of security systems, including alarms, emergency response, and security personnel availability (if applicable).
- Review of how violence risks are being properly identified, evaluated, and corrected. Any necessary revisions are made promptly and communicated to all employees. These revisions could involve changes to procedures, updates to contact information, and additions to training materials.

## Appendix A

### Violent Incident Investigation Log

This log must be used for every workplace violence incident that occurs in our workplace. At a minimum, it will include the information required by LC section 6401.9(d).

The information that is recorded will be based on:

- Information provided by the employee(s) who experienced the incident of violence.
- Witness statements.
- All other investigation findings.

For confidentiality, all information that personally identifies the individual(s) involved will be omitted from this log, such as:

- Names
- Addresses - physical and electronic
- Telephone numbers
- Social security numbers

Types of Workplace Violence:

**Type 1 violence** - Workplace violence committed by a person who has no legitimate business at the worksite, and includes violent acts by anyone who enters the workplace or approaches employees with the intent to commit a crime.

**Type 2 violence** - Workplace violence directed at employees by customers, clients, patients, students, inmates, or visitors.

**Type 3 violence** - Workplace violence against an employee by a present or former employee, supervisor, or manager.

**Type 4 violence** - Workplace violence committed in the workplace by a person who does not work there, but has or is known to have had a personal relationship with an employee.

# Memo

Date: May 28, 2025  
To: Olivenhain Municipal Water District Safety Committee  
From: Tim Schuette, Safety / Risk Compliance Administrator  
Subject: **CONSIDER THE DRAFT REMOTE SITE SECURITY RESPONSE PLAN**

---

At the March 26, 2025 Safety Committee meeting, the committee discussed remote site security initiatives. In response, staff drafted the Remote Site Security Response Plan which is attached for committee review and input. The policy outlines procedures for monitoring and responding to security incidents at remote locations, including tanks, pump stations, reservoirs, and other critical infrastructure. It is designed to ensure a coordinated response to unauthorized access, with a focus on employee safety, site security, and compliance with applicable laws and regulations.

Staff will be available to answer any questions.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Remote Site Security Response Plan</b>	
	<b>Latest Revision Date: DRAFT MAY 2025</b>	<b>Page 1 of 5</b>

## Purpose

This policy establishes procedures for handling trespassers at remote sites, including tanks, pump stations, reservoirs, and other critical infrastructure. It ensures a coordinated response to unauthorized access while prioritizing employee safety, security, and compliance with local laws.

## Scope

This policy applies to all District staff, and other personnel responsible for monitoring and responding to security incidents at remote sites.

## Definitions

- Trespasser: Any unauthorized individual present on District property without permission.
- Intrusion Alarm: Any security alert triggered by unauthorized access, sensor activation, or suspicious activity at a remote site.
- Duty Personnel: The on-call or designated district employee responsible for responding to security events.

## Policy Guidelines

### Monitoring and Detection

- Most remote sites are equipped with intrusion detection systems, including motion sensors and surveillance cameras. Additional intrusion detection systems may include perimeter alarms and automated lighting.
- Alarms should be continuously monitored by the District's security system.

### Response to Intrusion Alarms

When an intrusion alarm is triggered, duty personnel shall be immediately notified via automated alerts, the District's security monitoring center, or by other District staff responsible for monitoring security alerts.

Duty personnel shall follow the response protocol listed below:

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Remote Site Security Response Plan</b>	
	<b>Latest Revision Date: DRAFT MAY 2025</b>	<b>Page 2 of 5</b>

### **1. Pre-Arrival Preparation**

- Ensure proper authorization and documentation are in order.
- Bring necessary inspection tools, such as a flashlight, camera, notepad, and any required access keys or codes.
- Verify communication devices (radio or mobile phone) are functional for emergency reporting.

### **2. Initial Perimeter Inspection**

- Check for signs of forced entry, such as damaged gates, locks, or fencing.
- Inspect fencing for breaches, cuts, or signs of tampering.
- Look for unauthorized vehicles or suspicious activity near the site.
- Examine the perimeter lighting and security cameras for functionality. Coordination with District IT staff who have access to the camera systems may be required for verification.

### **3. Entry Point and Access Control**

- Ensure all locks, gates, and doors are secure.
- Verify keypads or electronic access controls are operational, if applicable.
- Look for signs of unauthorized access, such as pry marks, broken locks, or unusual wear.

### **4. Facility and Infrastructure Inspection**

- Inspect the reservoir structure for damage, unauthorized access, or unusual activity.
- Check hatches, valves, and any access points for tampering or forced entry.
- Ensure all security seals, locks, and covers are intact.
- Inspect control panels, alarms, and SCADA systems for any signs of compromise.

### **5. Water Quality and Safety Check**

- Look for any signs of contamination, such as unusual odors, discoloration, or foreign objects. If observed, the Systems Operations Supervisor, Operations Manager, and Customer Services Manager should be contacted as the Department of Public Health may need to be notified.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Remote Site Security Response Plan</b>	
	<b>Latest Revision Date: DRAFT MAY 2025</b>	<b>Page 3 of 5</b>

- Verify that monitoring equipment is operational and showing normal readings.
- Ensure that any chemical storage areas are secure and undisturbed.

## **6. Environmental and Surrounding Area Assessment**

- Check for unusual footprints, tire tracks, or disturbances in vegetation that could indicate recent unauthorized presence.
- Look for any discarded tools, materials, or items that could have been used for intrusion.
- Assess the site for potential vulnerabilities, such as overgrown vegetation providing concealment or easy access points.

## **7. Documentation and Reporting**

- Take photos of any damage or irregularities for documentation.
- Immediately report security breaches, suspicious findings, or equipment malfunctions to the immediate supervisor and send a detailed email to the “Incidents” contact group in Microsoft Outlook.

## **8. Final Check and Departure**

- Ensure all locks and access points are secured before leaving.
- Confirm that all equipment brought to the site is accounted for.
- Notify relevant personnel that the inspection is complete and provide a summary of findings if necessary.

## **Emergency Protocol and Law Enforcement Involvement:**

- If signs of intrusion or tampering are found, do not enter the site alone. Notify the immediate supervisor and contact law enforcement immediately at the appropriate non-emergency phone number (see contact list for each site).
- Maintain a safe distance and observe the site for further details that may assist responders.
- District personnel shall not physically confront trespassers.

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Remote Site Security Response Plan</b>	
	<b>Latest Revision Date: DRAFT MAY 2025</b>	<b>Page 4 of 5</b>

- If trespassers are seen engaging in any criminal activity, or pose a threat, law enforcement shall be contacted immediately at 911 for emergency response.
- If an emergency situation arises, call 911 and follow established security protocols.

This procedure should be followed during all scheduled and unscheduled inspections to ensure the ongoing security and integrity of the remote sites.

#### Incident Documentation and Reporting

All trespassing incidents must be documented, including:

	<b>JOB SAFETY AND DISASTER PREPAREDNESS MANUAL</b>	
	<b>Remote Site Security Response Plan</b>	
	<b>Latest Revision Date: DRAFT MAY 2025</b>	<b>Page 5 of 5</b>

- Date, time, and location.
- Alarm type and initial assessment.
- Responding law enforcement, badge number, phone number, and report number.
- Trespasser information.
- Any property damage or security concerns.

Reports should be recorded on the INITIAL INVESTIGATION FORM (LEAKS, PROPERTY DAMAGE, ETC.) found on the Employee Portal under Safety Forms. Completed forms shall be submitted to the Safety/Risk Compliance Administrator within 24 hours for review and recordkeeping.

#### Preventative Measures

- Routine security audits shall be conducted to assess vulnerabilities and improve deterrents.
- Duty staff should be trained annually in trespasser response, inspection procedures and safety protocols.
- Signage shall be posted at all remote sites stating:

<p>"AUTHORIZED PERSONNEL ONLY – TRESPASSERS WILL BE REPORTED TO LAW ENFORCEMENT UNDER CALIFORNIA PENAL CODE 555."</p>
---

#### Volunteer Duty Patrol

A volunteer duty patrol may be established by the General Manager to assist with remote site inspections after-hours and on weekends, as necessary. The goal of the patrol will be to increase visibility at remote sites and deterrence of trespassers. The volunteer duty patrol shall follow the site inspection protocol noted above, however, they will not be responding to active alarms like regular on-call duty staff. The patrol will focus on remote locations with elevated intrusion risk. Voluntary duty patrol shall be conducted using a District vehicle, which will be made available for pick-up at District headquarters. Volunteers will not be comprised of staff that are already included in the regular duty roster to avoid any emergency response conflicts. Voluntary duty staff should be trained annually in trespasser response, inspection procedures and safety protocols.
