Sec. 5.3. Overtime. All employees of the District shall be on uncontrolled standby twenty-four (24) hours a day during the course of their employment and, upon instructions of the General Manager, shall work during any emergency affecting operations of the District as determined by District management. The determination as to what constitutes an emergency or other circumstance requiring an employee to work after normal hours shall be determined solely by the General Manager or his/her designee. All employees are expected to comply with all General Manager or designee decisions on working hours.

All employees are required to maintain and provide a working telephone number where they may be reached in the event of an emergency. This telephone number shall be listed in the District's personnel files and must be kept up to date. Some positions are required to be on controlled Standby Duty and receive compensation for their duty assignments (see the Standby Duty section for further information).

Overtime shall be defined as work performed before or after the regularly scheduled work day or work week. When an employee must work on the 7th consecutive day of his/her regularly scheduled work week or holidays as specified in §5.29 of the Admin Code, such hours shall be paid at double time in addition to any other pay. 30 minutes minimum must be worked on each of the preceding days to trigger the double time on the 7th consecutive day. Sick, vacation, and holidays, are considered working hours for purposes of calculating overtime and double time. Duty compensation rules are separate as outlined in the current MOU. When an employee works more than 12 hours in a day, those hours worked in addition to the 12 hours shall be paid at the rate of double of an employee's pay per California State Law. Only non-exempt employees are entitled to overtime pay.

Per the Federal Labor Standards Act, overtime compensation will be paid on the regular pay day for the period in which such workweek ends. However, when the correct amount of overtime compensation cannot be determined until sometime after the regular pay period,

any excess overtime compensation will be paid as soon after the regular pay period as is practicable.

Shift Differential Hourly Compensation. District employees will be eligible for shift differential hourly compensation of .75 cents per hour in addition to their regular hourly pay rate when the regular work shift is moved to before or after the normal working hours.

1. Standby Duty. Duty rules apply to those positions designated to be on a Standby Duty assignment including; Primary Standby Duty, Secondary Standby Duty, Water Watch, Wastewater, Water Treatment, and Technicians.

All non-exempt positions in the following Operations and Customer Services (CS) department divisions: Construction, Systems Operations, Systems Maintenance, IT (Instrument Control Technicians only), Waste Water, Water Treatment, and CS-Meters Field Services Technicians require the ability to take duty working after hours, evenings, weekends and holidays. Each division creates a multiple week duty schedule in advance of the duty assignment. A duty roster is then created and maintained by the Construction Operations Supervisor. Duty meetings are held once a week, and at that meeting, a duty agenda is distributed including who is on call for that week. Duty is normally performed for seven straight days (Wednesday to Wednesday) except for Water Treatment Duty. If a duty assignment switch is needed, (after the duty list is finalized) it must be approved by the employee's direct supervisor. The requirement to work duty on a District observed holiday and flex Friday off will be rotated as equally as possible amongst all duty employees throughout the year. All qualified non-exempt staff in the six Operations divisions are required to work duty as all employees need to equally share duty responsibilities. Those on duty are required to wear District uniforms when working with the public.

Primary (#1 and #2) duty responsibilities are rotated every other day. Those on a primary duty rotation are required to check-in with customer service staff before they go home, to call in to After-Hours Dispatch to start their scheduled rotation day of duty, and to lock-up and secure Building J facilities at the end of each shift change. In the event a Primary or Secondary duty person gets a page or call from District staff or After-Hours Dispatch, they must acknowledge the page/call immediately. For Water Watch, Waste Water, and Water Treatment an "Alarm Response" is if a

duty person gets a page and must acknowledge the alarm via telephone or must login via laptop computer immediately after the call or when the alarm is received.

Duty staff (Primary, Secondary and Technicians) will receive 1.5 times the hourly rate of pay OR a minimum stipend of \$25.00) per day of duty, if the hourly rate is less than the minimum stipend. Double time will be paid on the 7th consecutive day. Other duty compensation will be paid according to the Duty Compensation Chart attachment to the current MOU. All overtime and double time for duty pay is subject to supervisor verification. A further explanation of duty rules and procedures can be found in the employee handbook.

STAY AVAILABLE/RESPONSE TIME - Employees must be able to perform their essential job functions if and when called. Employees should refrain from activities or personal constraints which would effectively prevent the employee from responding to a call within one hour or to adequately and safely perform their job duties if called out. Employees should not engage in activities that hinder their ability to respond to duty calls immediately in a responsible manner within a one (1) hour response time, as generally defined within the radius map negotiated in the previous MOU. Force majeure, including acts of god, illnesses, and unusual traffic, would be exceptions for exceeding the 1 hour response time.

STAY SOBER - No use of or possession of any alcohol or controlled or illegal substance while on duty. The District considers cannabis, which remains an illegal substance under federal law, to fall within the meaning of an illegal substance under this policy.

USE OF VEHICLE - Employees are expected to keep the duty vehicle with them in order to respond in a timely manner. De minimus personal use is acceptable such as routine errands and family events, so long as the 1 hour response time is adhered to. Use of the District vehicle for personal financial gain is unacceptable. The duty vehicle shall not be used for any personal business that would be detrimental or unbecoming to the positive reputation and perception of OMWD, such as parking in front of bars, illicit businesses, gun stores or shows, liquor stores, gambling facilities or houses of ill repute.

2. Call Back. Call back is work required of an employee who, following completion of the employee's work day and departure from the employee's work site, is ordered to report back to duty to perform work determined necessary by the General Manager or designee. To qualify for this call back provision, an employee must leave the place from which the employee is called and actually report to a work site and/or the office. An employee who is called back, as defined above, shall receive a minimum of three hours time at the rate of time and one half of an employee's pay.

Overtime work in conjunction with a regular, scheduled workday, either beginning earlier or working past a normal scheduled workday, is not call back work.

3. Compensatory Time. In lieu of pay for overtime worked, compensatory time pay may be accumulated up to a one-time maximum of 160 hours per year. A voluntary cash out will be made available the last pay period in June. The last pay period in December of each year will be a mandatory pay out. Employees may not accumulate Graveyard Overtime or Graveyard Double Time into their Compensatory Time banks. The use of compensation time by employees is subject to the same rules, approvals, and notices as vacation time set forth in §5.31 of the Administrative and Ethics Code.
4. Reimbursement for Meals. Effective January 1, 2022 an employee who is scheduled to work overtime, including emergency call back overtime in excess of a normal work day, shall be reimbursed for the actual cost of his/her meal, not to exceed eighteen dollars (\$18.00), provided such extended work day exceeds two hours of overtime on any single shift. Such overtime may be performed before or at the end of a work day and need not be limited to one meal per day.

Reimbursements will only be given for actual receipts for meals. The Supervisor will have the ability to extend the time period for a meal reimbursement to a reasonable amount of time after the job concludes for special circumstances and shall follow up with an email to the General Manager the next day. Exceptions to the above requirements may be granted by the General Manager at his/her sole discretion.

response and to facilitate attendance at after-hours meetings and functions related to District business. The General Manager shall also determine which employees should be allowed automobile allowances in lieu of providing use of a District vehicle. Those employees who are provided automobile allowances should refrain from use of District vehicles, as the automobile allowance is intended to substitute for District vehicle use for emergency response, meetings during and after hours, and other District business requiring vehicle transportation. Insurance, fuel, and maintenance are the responsibility of the employees receiving the allowance. The type of vehicle must reasonably accommodate the business use intended and must be maintained in a safe and reliable condition.

Assignment of the vehicle is not for the specific benefit of the employee, but for the improved operational efficiency and effectiveness of the District. Employees shall not use District vehicles for personal purposes other than commuting and de minimus personal use. Employees authorized to take District vehicles home are expected to keep them parked off the street for protection purposes. Unauthorized persons shall not ride in District vehicles.

The District has a Driving Standard Policy, established by the Safety Committee, which defines the expectations and requirements for successful operation of a District vehicle. This policy is found in the Disaster Preparedness and Job Safety Manual provided to all employees and updated on a regular basis. Employees who fail to adhere to these policies may be subject to disciplinary action or termination.

Personal Vehicle Used for District Business. In those cases where a District vehicle is not available for the use of the Directors or employees engaged in District business, a personal vehicle may be used with pre authorization from the employee's supervisor. Any personal vehicle driven for the purposes of conducting District business must have active automobile insurance coverage. All employees shall provide Human Resources with proof of personal automobile insurance coverage that meets the State of California's minimum requirements. This proof will be collected on a calendar year basis and maintained in the personnel file. If the employee has any changes of coverage during the year, the employee is responsible for providing Human Resources with the updated information. Reimbursement shall be made for such personal vehicle use at the IRS specified rate or schedule.

Sec. 5.28. Computer Network System Policy. The District's "Computer Network System" (hereinafter CNS) is comprised of all computers, mobile communication devices, software, hardware, programs, files, network services and internet services which are provided by Olivenhain Municipal Water District for the business use of employees. However, the CNS remains the sole property of the District and may be inspected and/or monitored by the District at any time. The CNS permits employees to receive, send, and transfer e-mail messages and computer files both in-house and via the internet/world wide web. The CNS is an important asset of the District and has been installed at substantial expense to facilitate business communications. Although employees are able to use codes to restrict access to computer files and the network system, including e-mail messages, it must be remembered that the CNS is intended solely for business use. In keeping with this intention, the District maintains the right to monitor and inspect any and all messages, files, attachments, e-mails, or any other information created, sent, or received on the CNS. Sec. 5.32. Sick Leave. Sick leave is defined as the necessary absence from work because of illness, serious disability, or absence authorized for medical or dental care, injury or exposure to contagious disease suffered by the employee, or a member of the employee's family as defined in California law, Labor Code Section 245.

Employees shall be entitled to sick leave with pay following 90 days of employment (rehires with 90 days of combined service time) under the following conditions:

- a. Each full-time employee who works a regularly scheduled 40-hour workweek shall be entitled to accrue 96 hours sick leave per one year of employment, which starts accruing with the hire date. Employees that work less than 40 hours per week for a regular schedule shall accrue hours on a pro-rated basis.
- b. Sick leave may be accumulated up to a maximum of 640 hours. Additional sick leave may be granted at the discretion of the Board of Directors and approval thereof. Employees may choose to use accumulated sick leave in excess of a predetermined number of hours as follows:

An optional sick leave buy-back program shall allow employees to buy accumulated sick leave hours at 100% of their current pay rate once per year. This buy-back will occur in the first full pay period in January and will be calculated by the accrued sick hours from this preceding pay period.

The optional sick leave buy-back program minimum, starting in January 2019, is 320 hours.

Employees who have accumulated more than 640 hours of sick leave will have 100% of their sick leave over 640 hours converted at the employee's then current rate of pay and contributed to his/her VEBA account during the normal January time period, which is the first payroll in January. If the employee does not have a VEBA account established, the

employee will receive payment for any hours over 640 at his/her current rate of pay.

At retirement/separation, employees who have 240 hours to 416 hours of accumulated sick leave shall have 35% of those sick hours contributed to VEBA at the employee's then current rate of pay; AND that 100% of accumulated sick hours over 417 hours will be converted at the employee's then current rate of pay and contributed to VEBA. If the employee does not have a VEBA account established, the employee will receive payment for all accumulated sick hours at his/her current rate of pay.

- c. All requests to be paid sick leave shall be submitted in writing via a "Request for Time Off" Form. After using 48-hours of the current calendar year's sick leave, a request to be paid sick leave shall be accompanied by a doctor's certificate verifying the employee's/family member's (as defined in Sec. 5.32 – Sick Leave) illness and the date thereof.
- d. Abuse of sick leave privileges shall be grounds for discipline or dismissal.
- e. In computing the amount of sick leave time due an employee, holidays, vacation time, and sick leave shall be included as total service. The period of time to be granted to an employee shall be in addition to Saturdays, Sundays, and holidays within or at the beginning or end of such leave.

Jury Duty - Employees are eligible for jury duty leave with pay for up to four weeks per calendar year per court when required by any legally constituted court to appear for examination or jury service. No deduction will be made for the value of mileage allowances, meals or lodgings furnished by the court. Jury Duty will be paid in accordance with the actual number of hours served on jury duty, including travel time to/from the courthouse.

The only document accepted as proof of attendance is the Jury Services Attendance Certification form that has been dated and time-stamped “in” and “out” by the courthouse. Hand written or other non-approved forms will not be accepted.

In the absence of proof of attendance, or in instances of jury duty beyond four weeks, an employee may use vacation or compensatory leave. In instances when a trial is scheduled for four weeks or less, when an employee is selected and the trial extends beyond four weeks, the employee may petition the General Manager via their supervisor, in writing, for additional jury duty leave beyond four weeks. The decision to grant additional jury duty leave is at the sole discretion of the General Manager and is final.

Within five (5) days of receiving a Jury Duty notice/summons, employees must provide a copy of the notice that specifies the dates that the employee will be serving as a juror to his/her Supervisor or Manager and Human Resources for retention in his/her personnel file.

Jury Duty is not considered time worked under the workers’ compensation policy. Jury Duty is considered time worked for calculating overtime in an employee’s day or workweek. The current overtime calculation policy will apply in determining these occurrences.

Employees may lose their alternative work schedule off day(s) while serving on jury duty; however, the employee will be paid for the actual time served on jury duty.

Supervisors and Managers are encouraged to minimize employees having to work seven (7) consecutive days in a workweek due to jury duty by changing employee’s days off to correspond with jury duty as long as it does not incur overtime for the employee or other employees in the department. Because of being unable to predict the length of an employee’s jury duty and OMWD’s 24-hour operations, this may not always be possible.

Voting Time Off - Employees who do not have sufficient time outside of their working hours to vote in a state or federal election will be granted a reasonable amount of time for that purpose at either the beginning or end of their shift, whichever provides the least disruption to the normal work schedule, provided that the employee

At such time as there is a death in an employee's immediate family, the General Manager is authorized to grant up to a maximum of 4 days leave with pay, subject to employee's written request for such compensation. Written request shall contain the following information:

- Name of deceased
- Relationship to employee
- Date(s) of employee's requested leave and return to work

All Bereavement Leaves must have prior approval of the General Manager.

Employee is eligible for Bereavement Leave for abortion or miscarriage.

Immediate family is defined as: spouse, common law spouse, registered domestic partner, child, parent, brother, sister, grandparents, mother-in-law, father-in-law, brother-in-law, sister-in-law, aunt, uncle, or any other family member physically living in the employee's home.

Paid Bereavement leave of up to 4 days, if approved, is not to be charged against an employee's accrued time off. If additional leave is necessary, the employee may request additional unpaid time off. This additional leave may be charged against the employee's accrued time off bank.

Sec. 5.35. Leaves of Absence Without Pay. It is the District's policy to grant leaves of absence without pay to all eligible employees on a non-discriminatory basis. General Manager pre-approval is needed for employees requesting unpaid leaves of absence [excluding Family Medical Leave Act (FMLA) and California Family Rights Act (CFRA),] and are eligible only after the employee has completed 90 days of service and exhausted all accumulated and unused sick leave, vacation leave, paid injury leave or unused compensation time. Exception to this General Manager pre-approval policy may occur if more than one (1) unpaid day is needed due to an unforeseen event. Employees on a pre-approved unpaid leave will be responsible to pay insurance coverage while out on leave (see section 5.35 A4.B)

Leaves of absence without pay pursuant to the FMLA, CFRA, compulsory, and military leaves of absence will be permitted as specified below:

A. Medical Leaves of Absence:

(1) Grounds for Leave. The Family Medical Leave Act of 1993 (FMLA) and California Family Rights Act (CFRA) of 1993 entitle eligible employees that have worked for the District for at least 12 months and at least 1,250 hours in the last 12 months to take up to 12 weeks of unpaid job protected leave each year for the employee's own serious health condition; caring for a family member with a serious health condition; bonding with a newborn or adopted child; and certain military exigencies. For the purposes of FMLA and CFRA leave, "family member" includes the employee's child, parent, and spouse. For the purpose of CFRA leave only, "family member" also includes the employee's registered

domestic partner, designated person, grandparent, grandchild, sibling, or parent-in-law.

A “designated person” for purposes of CFRA leave means a person identified by the employee at the time the employee requests family care and medical leave. The District limits employees to one designated person per 12-month period for family care and medical leave.

(2) CFRA exclusively includes up to 12 weeks of unpaid, job protected leave each year for the serious health condition of a registered domestic partner as defined in California Family Code Section 297, and/or birth or adoption of a registered domestic partner’s child.

(3) The District has posted such notices as required explaining employee rights and procedures under the FMLA and CFRA. Employees granted this leave will receive reinstatement at the end of the leave in their current or an equivalent position, subject to all defenses allowed by law.

(4) Pregnant employees that are disabled by pregnancy and pregnancy-related conditions are eligible for California pregnancy disability leave (PDL). A pregnant employee is entitled to up to four months of PDL depending on the period of actual disability. The District has posted such notice as required explaining employee rights. Employees granted this leave will receive reinstatement at the end of the leave in their current or an equivalent position, subject to all defenses allowed by law.

- B. Insurance Coverage. The District will maintain the group health, vision, dental, long term disability (LTD), and life insurance coverage for an employee whenever such insurance was provided before the FMLA/CFRA leave was taken and on the same terms as if the employee had continued to work, i.e employee contributions, if any, must still be paid by the employee. (Under no circumstances will group health insurance benefits be maintained by the District longer than 12 weeks of approved FMLA/CFRA leave.) If an employee is on a non-FMLA/CFRA leave, the employee must use 60 hours per pay period of accrued leave to maintain District insurance benefits, in addition to any required employee contributions. All leave time, comp time, holiday

pay, and overtime count towards hours worked in a pay period. Duty pay does not count towards hours worked. The cost the employee is responsible for is based on an hourly cost of benefits for the number of hours less than 60 in the pay period. The employee will reimburse the District for costs including: health, dental (COBRA and the administrative fee), vision, life, and LTD (both the employee and employer portion).

- C. Requests for Leave and Medical Certification. Employees requesting leave of absence shall submit a written request at least 30 days in advance, when foreseeable, to Human Resources, which will present to the General Manager for review and a decision. The request shall specify the date the leave will commence, the estimated duration of the leave, and the date on which it is expected that the employee will be able to return to work. Medical certification is required supporting the need for leave due to a serious health condition affecting the employee, child, immediate parent, spouse or registered domestic partner as defined in California Family Code Section 297. The employee shall provide the District with a physician's statement during the medical leave of absence updating the District on the status of the incapacity and the probable date of return to work.

An employee shall not directly or indirectly maintain outside business or employment or engage in any other outside business that conflicts, in any manner, with the interest of returning to the District's employment during the leave. In order to maintain the approved leave, an employee wishing to engage in part time employment or self-employment, while on leave, must have such employment approved in advance by the General Manager. Failure to comply with this notice requirement is grounds for, and may result in denial or deferral of the requested leave until the employee complies with this policy and may be grounds for disciplinary action or termination.

Failure to comply with these noticed periods is grounds for and may result in denial or deferral of the requested leave until the employee complies with the noticed policy.

The District requires certification from the health care provider as to the needs of the child, immediate parent, spouse or in

the case of CFRA exclusively, the domestic partner's child, or registered domestic partner as defined in California Family Code Section 297, who has a serious health condition before allowing the employee a leave to care for the family member.

Eligible employees may take leave intermittently or on a reduced leave schedule under certain conditions. Intermittent or reduced leave is available for birth/adoption of a child and must be pre-approved in writing by the General Manager. Intermittent, recurring shorter leaves may be taken when medically necessary for treatments (such as chemotherapy), subject to advanced notification and medical certification for the intermittent or reduced leave.

There are certain exceptions to eligibility for family care leave and the District is legally permitted to deny a request for leave under certain conditions. Taking family care leave may impact certain benefits and seniority as identified in Article 5.

- D. Physician's Statement Prior to Return. An employee who has taken a leave of absence due to his or her own medical condition, will be required to provide a statement from a licensed physician in California who has treated the employee's condition, which confirms the employee's ability to return to work with or without reasonable accommodation(s).
- E. Term of Leave. Leave without pay granted pursuant to this section may not exceed 180 consecutive calendar days or 12 weeks for FMLA, CFRA, or 4 months for PDL unless authorized by the Board for a longer period. The District shall use the rolling, 12 month calculation method when calculating leave entitlement. Leave may be terminated at any time by the employee's return to work.
- F. Sick, Vacation, Compensatory Time Use. An employee may use accrued sick, vacation, and compensatory time while on approved medical leave.
- G. Benefits and Service Time. Vacation and sick leave shall not accrue during leaves of absence without pay of 30 days or longer. An employee will not be credited with service during any unpaid, approved leave of absence of 30 days or longer, unless the approved unpaid leave being taken qualifies under the Family Medical Leave Act (FMLA), California Family

Rights Act (CFRA) or Pregnancy Disability Leave (PDL). The District shall continue payment of the employee's and employee's dependents group health insurance and group life policy during the approved unpaid medical leave of absence not to exceed 12 weeks.

Payments of health insurance and life insurance shall cease upon termination of the employee. The District will offer continuing health benefits according to COBRA Legislation Public Law 99-272 to employees, widows, ex-spouses, ex-registered domestic partner as defined in California Family Code, Section 297, and other dependents, who would lose coverage as a result of an employee's death, divorce, or termination of employment.

- H. Hardship Credits. An employee may receive leave credits by voluntary donation from fellow employees. To be eligible, the following conditions must apply:
- The Hardship Credits must be approved by the General Manager (or his/her designee).
 - Be on an unpaid leave of absence approved by the General Manager.
 - Have exhausted all sick leave, vacation pay, and floating holidays.
 - Face financial hardship due to a prolonged illness or injury.
 - Face financial hardship due to the prolonged illness or injury of a spouse, child, or registered domestic partner as defined in California Family Code, Section 297.

Employees may donate floating holiday(s), vacation pay, compensatory time, or sick leave in one (1) hour increments. Donated hours may not be taken from the donor employee's payroll records immediately, but will be withdrawn when the recipient's payroll requires hours. The order that donations are received will be used to determine the order that donations will be utilized. All donated time will have the hours converted into dollars at the donor employee's rate of pay. This dollar amount will then be converted into hours using the recipients' hourly rate.

When the employee's need for donated hours stops, per the determination of the General Manager, any donated hours

waiting to be utilized will not be used and will be returned to the leave balance of the last donor.

- I. Restoration of Employment and Benefits. When an employee is placed on an approved, unpaid leave of absence, an effort will be made to hold the employee's position open as designated by state and federal regulations. However, due to business needs, there will be times when positions cannot be held open and it is not possible to guarantee reinstatement to previous position. If an employee's former position is unavailable when the employee is ready to return to work from an approved unpaid leave, every effort will be made to place the employee in a comparable position for which the employee is qualified.

In addition, the District will attempt to reasonably accommodate employees who are released for partial or modified duty according to the Early Return to Work Policy.

An employee who does not accept the position offered will be considered to have voluntarily terminated employment, effective the day such refusal is made.

- J. Military Leave.
According to the Uniformed Services Employment and Re-employment Act, (USERRA), the District will offer benefits and job protection for individuals returning to civilian employment after serving in the military. Uniformed services is defined to include Army, Navy, Air Force, Marine Corps, Coast Guard (and the Reserves for each of those branches), Army National Guard, Air National Guard, commissioned corps of the Public Health Service and any other category of persons designated by the President in time of war or emergency.

Employees qualifying for military leave in accordance with the Uniformed Services Employment and Re-Employment Rights Act (USERRA) shall be restored to their former position when the employee returns from the military leave of absence. If the position has been abolished or terminated during the employee's absence, the employee will be reinstated to a position of similar seniority, status and pay if such position exists, or if no such position exists, the employee shall have the same rights and privileges that the employee would have

had if s/he occupied the position when it ceased to exist and had not taken a military leave of absence.

According to AB392, an employee is eligible for leave under this statute if s/he is the spouse of a “qualified member” of the military (defined below) and works an average of 20 or more hours per week.

The employee’s spouse must be a “qualified member” of the military, which means either:

1. a member of the Armed Forces of the United States who has been deployed during a period of military conflict to an area designated as a combat theater or combat zone by the President of the United States; or
2. a member of the National Guard or reserves who has been deployed anywhere during a military conflict.

A “period of military conflict” means either a period of war declared by the US Congress, or a period of deployment for which a member of a reserve component of the military is ordered to active duty.

In addition, although this statute only expressly applies to spouses, because the California Family Code provides that registered domestic partners are entitled to the same rights and privileges under state law as spouses, this law applies equally to registered domestic partners.

Employees may only take leave under the law when their spouse is on leave from military deployment. More specifically, employees are entitled to take leave when either an enlisted military spouse is on leave from a combat zone or a Reserve or National Guard spouse is on leave from an assignment anywhere after being activated during a military conflict.

Employees shall notify the District of their intention to take leave under this statute within two (2) business days of receiving official notice that the employee’s spouse will be on leave from military deployment. The District and statute requires the employee to provide written documentation

certifying the spouse's temporary leave from active duty during the time the leave is requested.

The statute provides that military spousal leave cannot affect, or prevent an employee from taking leave that the employee is otherwise entitled to take. Thus the employee isn't required to use accrued vacation time or paid time off while on military spousal leave. In addition, employees are not forced to take military spousal leave concurrently with any other available statutory leave. There shall be no retaliation or adverse employment action against employees who request and/or take military spousal leave.

K. Compulsory Leave.

If in the opinion of the General Manager an employee is unable to perform the regular duties of their position or performance of those duties would create an immediate danger to the health or safety of the employee or others, the General Manager may require the employee to submit to an examination by a licensed physician designated by the General Manager. All costs of the medical examination shall be borne by the District and a copy of the medical examination shall be provided to the employee. If the report of the physician shows that the employee is unable to perform the duty described in their job description or performance of those duties would create an immediate danger to the health or safety of the employee or others, the General Manager may, subject to the approval of the Board of Directors, compel said employee to take sufficient leave of absence to correct the problem. Prior to taking final action, the General Manager shall provide the employee with an opportunity to submit an independent medical examination for consideration. The results of all medical examinations conducted in accordance with this section shall be treated as confidential to the extent required by applicable law.

L. Miscellaneous Leaves

Various other leaves as mandated by law will be granted in accordance with State and Federal law. The Human Resources Department maintains leave details for employees. The leaves of absence without pay include:

Crime or Abuse Victim's Leave - In compliance with applicable laws, an employee who is a victim of crime or abuse

(including domestic violence, sexual assault, stalking, or a crime that caused physical injury or, in certain cases, mental injury or that resulted in the death of an immediate family member) will be granted time off work to seek protection to provide for their own or their child's health, safety, or welfare. This includes, but is not limited to, time off for medical treatment; psychological counseling; safety planning, including temporary or permanent relocation; legal proceedings; or to obtain a restraining order.

A leave of absence taken under this policy may run concurrently with leave entitlement under the FMLA and the CFRA if the employee is eligible for such FMLA/CFRA leave.

An employee who needs a leave of absence under this policy must notify his or her supervisor of the need for a specific leave and submit a leave request. Additionally, supporting leave documentation or certification must be submitted to the District within the timeframe provided.

This certification may be any of the following:

- 1) A police report indicating that the associate was a victim of crime or abuse.
- 2) A court order protecting or separating the associate from the perpetrator of the act of crime or abuse.
- 3) Other evidence from the court or prosecuting attorney that the employee has appeared in court.
- 4) Documentation from a medical professional, domestic violence advocate or advocate for victims of sexual assault, health care provider or counselor that the employee was undergoing treatment for physical or mental injuries or abuse due to the crime or abuse.
- 5) Any other form of documentation that reasonably verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under this policy.

Records regarding the employee's leave under this policy will be kept strictly confidential and will be shared only on a need-to-know basis.

In an emergency situation where advance notice of absence is not possible, employees should provide supporting documentation as soon as reasonably practicable to support the need for leave. Employees have the option to use accrued sick or other leave and are required to use any accrued time off before taking unpaid leave.

School Activity Leave - An employee who is the parent, step-parent, foster parent, guardian, or grandparent of, or who stands in loco parentis to, a child enrolled in kindergarten or grades 1 to 12, or attending a licensed childcare provider, is entitled to take up to one day per month, not to exceed 40 hours each year, to 1) find, enroll, or reenroll the child in a school or with a licensed child care provider, 2) participate in the child's school, or a licensed child care provider's activities, or 3) address a child care provider or school emergency.

The employee must provide reasonable advance notice to the employee's supervisor of the planned absence. An employee may use existing vacation or other leave for this time; otherwise the absence shall be a leave without pay. An employee's supervisor may require the employee to provide documentation from the school or licensed child care provider verifying the date and time of the visit for participation in such activity.

School Appearance Leave - If an employee is the parent or guardian of a child who has been suspended from school and that employee receives a notice from the child's school requesting that the employee spend part of a school day in the child's classroom, the employee may take unpaid time off to appear at the school. The employee must, prior to the planned absence, give reasonable notice to their supervisor.

Organ and Bone Marrow Donor Leave - Donor leave is available to employees undergoing an organ or bone marrow donation procedure or related treatment. An employee requesting donation leave shall notify the District at least 30 days before leave is to begin. If the employee cannot provide

30 days' notice, the employee should inform the District as soon as is practicable.

Employees must provide written verification supporting the need for donation leave. The verification must state that the employee is a bone marrow or organ donor and that the donation is medically necessary.

Organ donation. The District will grant a paid leave of absence of up to 30 business days to an employee who donates an organ to another person, and an additional 30 business days of unpaid leave in any one-year period. (Cal. Lab. Code § 1510.) The leave may be taken intermittently or continuously during the one-year period after the leave begins. An employee who requests leave for organ donation will be required to use accrued sick and/or other accrued time off hours for the first two weeks of leave prior to receiving the 30 days of District-paid leave.

Bone marrow donation. The District will grant five (5) days of paid leave to an employee who donates their bone marrow to another person. The leave may be taken intermittently or continuously during the one-year period after the leave begins. An employee who requests leave for bone marrow donation will be required to use available accrued sick and/or other accrued time off hours for the first week of leave prior to receiving the five (5) days of District-paid leave.

Employees who take donor leave will not be retaliated or otherwise discriminated against for doing so.

The District will continue the employee's health and welfare benefits under the same terms and conditions, as long as the employee continues to pay their portion of the applicable premium contribution during the leave of absence. Employees will be restored to the position held when the donor leave started or to a position with equivalent status, benefits, and pay. The District may decline to restore an employee because of conditions unrelated to the employee's qualified use of donor leave.

health benefits according to COBRA Legislation Public Law 99-272 to widow, ex-spouses and other dependents who would lose coverage as a result of a worker's death, divorce, termination of employment, or Medicare eligibility. The extended coverage would last up to three years, except in the case of terminated employees, who would get only 18 months of continued coverage.

The 18 months of continuation coverage will be extended for an additional 11 months of coverage to a maximum of 29 months for all qualified beneficiaries, if the Social Security Administration determines a qualified beneficiary was disabled, according to Title 11 or XVI of the Social Security Act on the date of the qualifying event or at any time during the first 60 days of continuation coverage.

Another extension of the 18 month continuation period can occur, if during the 18 months of continuation coverage a second event takes place, (divorce, legal separation, death) then the 18 months of continuation coverage will be extended to 36 months from the date of the original qualifying event date for the qualified beneficiary spouse and/or dependent child.

The District will require those insured under the rule to pay 102% of the current premium rate. The coverage will stop if payments are not made by participant, or if the individual becomes covered under Medicare or another health plan.

An employee shall not be entitled to any benefits effective the day following the day that the employment is terminated. Health and vision insurance coverage, depending on the contract, may be continued through the end of the month of the termination. Employment is terminated as of the last day the employee performs work or a service for the District. The day of termination is not extended through the period of accumulated vacation or sick leave the employee is entitled to as of the date of termination.

The District shall provide each Board Director, full-time employee and their dependents with a dental insurance policy or group policy, as determined by the Board of Directors, which will provide a reasonable amount of protection or coverage at no cost to the employee or Board Director, as determined by the District, in its sole discretion. The District has the right to modify or delete dental insurance coverage except as required by COBRA or any signed MOU with District employees.

SDI provides benefits to workers who are unable to work due to non-work related illness, injury, or pregnancy. Although work connected disabilities are covered by workers compensation laws, SDI benefits may also be paid for work related illnesses or injuries under certain circumstances prescribed by law. The state sponsored insurance program requires that employees make direct application with the Employment Development Department for benefits determination.

PFL is a component of the SDI program and, thus, those workers covered by SDI are also covered for this benefit. In accordance with an agreement between the District and the California Public Employees' Retirement System (CalPERS), all regular part-time or full-time employees upon first day of employment shall be enrolled as members of the System. For employees hired before 1/1/2013 and employees hired on or after 1/1/2013 who do not meet the Public Employees' Pension Reform Act of 2013 (PEPRA) definition of a new member, their retirement benefit formula will be: 2.5% at 55, the member contribution rate shall be 8%, and the District shall pay the total employer share of the required contributions (annually calculated by CalPERS). As mandated by PEPRA, for employees hired on or after 1/1/2013 and who meet the PEPRA definition of a new member, their retirement benefit formula will be: 2% at 62 and the total normal cost rate will be shared between the employee and the District. Sec. 5.43. Deferred Compensation Plans. The District has made available to all employees, on a voluntary basis, the opportunity to participate in two different 457 Deferred Compensation Plans. The 457 plans enable employees to defer a tax-exempt portion of their salary for retirement purposes. Refer to the actual plan documents for specific plan provisions.

Pursuant to Article 4.1 of the District's Administrative and Ethics Code, in determining the compensation of employees, the General Manager may also determine the benefits of all employees, individually or as a collective whole, including contributions to deferred compensation plans, subject to the approval of the Board of Directors in the Annual Budget and any required meet and confer process required under the law.

The District shall contribute matching 457 deferred compensation for all employees based on employee longevity. The District match is a taxable benefit. The specifics of the qualifications and amounts are detailed in the current memorandum of understanding (MOU) with the bargaining units. Employees who do not contribute the matching amount to their 457 plan(s) during the calendar year are not eligible to receive District matching 457 deferred compensation contributions. Employees who contribute less than the maximum shall only receive an equal match of what they contributed to their 457 plan(s). On or about November 1st of each year, payroll personnel will perform an audit of employee deferred compensation contributions to verify participation. Any employee that has not contributed the funds for that year will be notified and given the opportunity to meet their commitment before the end of the calendar year. The funds can be

directed by the employee into either of their 457 plan(s) in any amount. The matching contribution shall be deposited by the District in November for each calendar year. For new employees, the District will not provide longevity matching for the first 5 years of employment. Rehires must have 5 years of combined service time to be eligible. Commencing in calendar year 2022, the District 457 longevity matching contributions shall be as follows:

- 0 to 5 years - no funding
- 5 to 10 years - \$1,250 per employee per year
- 10 to 15 years - \$1,750 per employee per year
- 15 to 20 years - \$2,250 per employee per year
- 20 plus years - \$2,750 per employee per year

In addition to the longevity match, each year the General Manager shall determine in his/her sole discretion an additional District deferred compensation matching contribution amount for Managers/Supervisors. The District retains the right to make any changes to this program at any time.

The annual Manager/Supervisor matching contributions by the District will be made based upon inclusion in the annual budget and the General Manager's approval, which can include successful annual review scores as determined by the General Manager, no disciplinary action stating removal from the program, and Manager/Supervisor participation in a deferred compensation plan. Eligible Managers/Supervisors must have contributed matching funds during the current calendar year.

If a Manager/Supervisor's 457 plan(s) have met the Internal Revenue Service (IRS) set maximum contribution limits (set each year), the District will issue the matching funds into a 401(a) account. The 401(a) accounts will be available to Managers/Supervisors only and only OMWD employer contributions can be deposited into 401(a) accounts.

section. The pre-tax employee contribution percentages shall remain the same for part-time employees. Employees must opt in or out of VEBA after one year of service. All employees who are employed at the District and have one year of service credit or more must opt in or out at that time. Employees will have a 15 day election period to opt in or out of VEBA. Once an employee has a VEBA account established, he/she will then be allowed a one-time opportunity to stop participating in the VEBA plan and cannot rejoin at a later date.

Upon start date, rehires (returning employees who have combined service time of at least one year) will have a 15 day election period to opt in or out of the VEBA plan.

3. The VEBA shall be eligible to be used on all IRS allowable expenses, similar to those benefits offered under a Section 125 Flexible Spending Plan. For employees participating in the District 125 plan, flex account funds must be exhausted prior to VEBA reimbursement.
4. The District will pay each employee's administrative fees as negotiated in the current MOU. The District will cover the administrative fee for the VEBA during employment until separation for employees that separate with less than 15 years of (combined) service. For employees that separate with more than 15 years of (combined) service, the District will reimburse the VEBA administrative fee for one year after separation. If the employee retires via CALPERS from OMWD, the District shall reimburse the administrative fee on a yearly basis for the VEBA until such time as the employee participates in Medicare. The employee must submit proof of annual fees paid in order to be reimbursed.
5. Annual Funding contribution by the District shall be contributed in November of each calendar year. The years of service to qualify for the District contribution shall be calculated as the years of service of each employee as of the preceding January. The pre-tax funding by the District shall be as follows:
 - Up to 1 year of service = no funding
 - More than 1, but less than 5 years of service = \$200 per employee per year
 - More than 5, but less than 10 years of (combined) service = \$400 per employee per year
