**ADMINISTRATIVE AND ETHICS CODE**

**ARTICLE 8 WATER RATES & CHARGES**

Agricultural service shall be defined as water delivered through a single meter for use upon tracts or parcels of land within the boundaries of the District, utilized for agricultural purposes as defined by its wholesaler, San Diego County Water Authority's (SDCWA) Permanent Special Agricultural Water Rate (PSAWR) program. Water received by the user for agricultural purposes shall be charged as follows:

**Base Rate effective April 1, 2021:**

\$5.55 per Unit

10% Demand Reduction Rate effective April 1, 2021: \$5.78 per Unit

20% Demand Reduction Rate effective April 1, 2021: \$6.05 per Unit

30% Demand Reduction Rate effective April 1, 2021: \$6.40 per Unit

SDCWA offers a Permanent Special Agricultural Water Rate (PSAWR) program. A contract must be signed between the District and the property owner providing that the owner will participate in the PSAWR and voluntarily agree to a mandatory water supply reduction in the event of a water supply shortage. When such a contract is approved by the District, a credit of \$0.99 per Unit, of agricultural water used shall be applied to each qualified customer's bill. Customers participating in this program are subject to unannounced inspections by the District to ensure they continue to meet the requirements of the program. Any accounts determined to be ineligible for the PSAWR program will be reclassified to a residential, commercial, or irrigation rate and charged accordingly. SDCWA reserves the right to cancel the PSAWR program at any time.

In the event of a water supply shortage, SDCWA may develop an allocation and penalty rate system for PSAWR accounts. A PSAWR penalty rate is a pass-through penalty for customers who participate in the PSAWR and use over a contractual allocation during a water supply shortage. The PSAWR penalty rate is subject to change by SDCWA.

component of the District’s water service fees as a result of such Purchased Water Wholesale Pass-Through. Commencing with the March 1, 2020 bills, the District will impose an increase on the Commodity Charge and the OMWD SAC components of its water service fees as a result of Purchased Water Wholesale Pass-Through. The District may impose future rate increases for Purchased Water Wholesale Pass-Through for a five-year period commencing March 1, 2020, and any time and including December 31, 2024.

**B. Inflation Pass-Through**

The rates for the Commodity Charge component and the OMWD SAC component of the District’s water service fees may be adjusted annually based on over-the-year percentage change in the San Diego County Consumer Price Index for All Urban Consumers as determined by the U.S Bureau of Labor Statistic for inflation (“Inflationary Pass-Through”). Commencing with March 1, 2020 bills, the District will impose an increase on the Commodity Charge and the OMWD System Access Charge components of its water service fees as a result of Inflationary Pass-Through. In no event shall such rates for the Commodity Charge component and the OMWD System Access Charge component increase as a result of an annual Inflation Adjustment (Inflationary Pass-Through) by more than the cost of operating and maintaining the water system, including capital facilities. Such rate increases may be imposed for a five-year period, commencing on March 1, 2020, and any time through and including December 31, 2024.

**C. SDCWA Infrastructure Access Charge Pass-Through**

Any increases to SDCWA fixed monthly fees collected on water meters (SDCWA Infrastructure Access Charge) shall be directly passed through by the District to its customers. Any future increases in SDCWA Infrastructure Access Charge will only impact the SDCWA Infrastructure Access Charge.

**D. CA Pass-Through**

Increases in water or any other charges mandated by the State of California and imposed on the District (“CA Pass-Through”) will affect all water rates and charges. Provided, however, in no event shall CA Pass-Through rate increase be made unless the State of California exercises its rights to collect a water fee from the District. Provided further, in no event shall such rates increase by more than the cost of providing water service. Such rate increases may be imposed for a five-year period commencing on March 1, 2020, and at any time through and including December 31, 2024.
