Disclaimer:

All persons who test backflow assemblies must be certified to test backflow assemblies by American Water Works Association (AWWA) and / or American Backflow Prevention Association (ABPA). This list contains the names of businesses offering backflow assembly testing services in the District service area who have provided the District proof of tester certification and have requested to be on this list. This is not a complete list of businesses capable of providing backflow assembly testing services in the Districts service area. Businesses not on this list must provide proof of tester's certification to the District prior to submitting backflow assembly test results. This list is not an endorsement of the product / services of the companies on this list.

Olivenhain Municipal Water District will not endorse any products / service nor will it make any statement regarding the use, value, or recommendation of any product / service.
